MINDANAO ART 2023
ATRIUM, SM LANANG PREMIERE
SEPTEMBER 24-OCTOBER 1, 2023

visual anaphora

Art exists beyond the realm of physical reality. It is created with the intent to realize life's self-conscious aim of expression; existing beyond the mimesis of life, it is the very expression of life itself. As the painter extends their brush to the canvas and the sculptor lays hands on clay, wood, and stone, a singular new reality is made. Each stroke a breath and a word that resonates what is in their deepest souls. Endless repetitions of their admonitions—their cries to the vast expanse of mortality; passing on to all who have eyes to see and hearts to feel sensations of beauty, of ugliness and even of the nothingness of existence. Reverberating into immortality a new consciousness; a thing worthy of reverence for generations to come.

In line with Mindanao Art Fair 2023's theme "Resonate and Reverberate", Studio One Art Studio and Gallery presents "Visual Anaphora"—an exhibition of works from emerging artists across the southern islands of the Philippines, celebrating the singularity of unique expressions by individual artists across various forms of medium and aesthetic expression.
